INVITATION TO BECOME A GLOBAL AMBASSADOR

Dear Professor,

I hope this letter finds you well. It was a pleasure speaking to you about the [G20&G7 Health and Development Partnership](#) and its mission and vision for the next three years.

Following our conversations, I have attached an invitation to become our Global Ambassador of our Partnership amongst other eclectic members. We would be pleased if you could consider joining our efforts to promote global health to the highest levels of the G7 and G20 Presidencies amidst testing times for multilateral affairs. We believe that your in-depth knowledge and passion to tackle noncommunicable diseases on a regional and multilateral level, will add tremendous value to our operations.

As we are conscious of the limited time of our Global Ambassadors, we will make sure to use your precious time carefully throughout the year.

We would welcome to receive your support in:

- Joining our multilateral events as a speaker such as our annual H20 Summit
- Joining 1-2 strategic meetings throughout the year with our global ambassadors to provide us with your feedback on our strategy
- Helping to create partnerships with relevant global health leaders and agencies benefiting the mission and vision of the Partnership
- Advising us on sustainable funding routes for the growth of the Partnership
- Providing expert input on recent trends on tackling noncommunicable diseases worldwide

Since our foundation in 2017 during the G20 Presidency of Germany, the G20 & G7 Health and Development Partnership successfully collaborated and supported the agendas of all G20 and G7 Presidencies and we try to create convergence between those. We represent a cross-sectorial group of over 31+ global health organisations supported by Global Ambassadors of the Partnership that amplify our messages to the highest political levels every year.

We look forward to hearing from you and thank you in advance for your kind consideration.

Yours sincerely,
